

Investment policy

Raising resources, available in EURO, and investing them on the monetary and fixed-rate investment markets, the main objective is obtaining income.

Fund objective

The Fund objective is established from the perspective of performance and high liquidity, in terms of limited risk exposure. The Fund does not invest in shares.

Advantages for investors

Limited exposure to risks:

Minimum risk through the investment policy that shall aim to reorganise the investments exclusively conducted on the monetary and fixed-rate investment markets, by respecting the legal requirements enforced by the ASF. Without exchange rate risk – investments denominated in euro.

Yields:

Grants the financial performance linked to the markets in which it was invested.
